Winter Wonders

WINTER WONDERS

Overview

Introducing Winter Wonders, Waterford's new six year collectable series. A stunning collection inspired by nature, offering items for the tree and the festive table.

The spectacular and breath-taking wonders of nature are celebrated in this beautiful collection. Each of the items in this collectable series is inspired by an aspect of a traditional Irish winter and nature's perfection is detailed precisely in Waterford crystal. Over the six years of this series, Waterford's Master Craftsmen will honour nature's wonders commemorating them in stunning crystal artistry.

WINTER WONDERS

Each year leads with a different theme and our first year celebrates the wonder of Midnight Frost.

For the second year of the collection we will celebrate the Winter Rose, followed by Mistletoe, Holly, Snowflake and finally Pinecones.

Each pattern is only available the year it is introduced making it a collection to be treasured.

WINTER WONDERS

Overview

MIDNIGHT FROST / GIVRE DE MINUIT 2021

For our first year, we have created a pattern of cuts to depict the frost which forms in the coldest, darkest night. Water fixed into minute needles which are painstakingly patterned and carefully cut into Waterford crystal. Like frost, Waterford crystal will dazzle and shine brightly in the warmth of your home.

Year 1
Midnight
Frost

WINTER ROSE / ROSE DE NOËL 2022

For our second year, the cuts show the loveliest regal flower, the winter rose. Each petal delicately outlined in crystal and structured to fill the loveliest of vessels. Graceful, classic beauty, Waterford crystal will brighten the coldest of days.

Year 2
Winter Rose

MISTLETOE / GUI 2023

Mistletoe is the most magical, mysterious and sacred of plants. Branches like fingers and bubbly berries are carefully shaped and etched into Waterford crystal to remind us of the wonderful tradition of kissing under the mistletoe which harks back to ancient Greece and the ancient Druids who believed it to be lucky.

Year 3
Mistletoe

WINTER WONDERS

Overview

HOLLY / HOUX 2024

The distinctive, glossy and spiky leaves of holly contrast with soft, smooth winter berries painstakingly rendered as patterns and cuts into Waterford crystal. It is wonderful that this festive evergreen which we celebrate as our fourth wonder shelters birds and gives hedgehogs a cosy place to hibernate in colder climates.

Year 4
Holly

SNOWFLAKES / FLOCONS DE NEIGE 2025

The wonder of snowflakes are celebrated in our fifth collection year. Each and every snowflake is itself a wonder, unique and symmetrical formed from clusters of ice. Our Waterford pieces literally reflect these wonders with precise and beautiful cuts to play with the light in your home.

Year 5
Snowflake

PINECONES / POMMES DE PIN 2026

Our sixth and final year celebrates the wonder of pinecones, with crystal exquisitely cut and fashioned into mini paddle-like plates which cluster together to form a cone. Enjoy the sensorial feeling of the crystal in your hand and treasure these stunning pieces for years to come.

Year 6
Pinecone

MIDNIGHT FROST MOOD BOARD

For our first year, we have created a pattern of cuts to depict the frost which forms in the coldest, darkest night.

Water fixed into minute needles which are painstakingly patterned and carefully cut into Waterford crystal.

Like frost, Waterford crystal will glisten and shine brightly in the warmth of your home .
